Updated:	02/11/2020	Due date:	
Chirp Version:	daily		
Equipment Loan Offered:	No		
Subject:	Icom IC-M710		
Description			
<p>Hi chirp-devs,</p> <p>I would like try and add support for the ICom IC-M710.</p> <p>It can be programmed using the ICOM programming utility known as "EX1726". I have attached the stock ICF image and readme file from the programming utility.</p> <p>Can anyone verify if the image or utility look similar to anything currently supported or being worked on?</p> <p>Cheers Darcy</p>
