

CHIRP - New Model # 1351

Status:	Closed	Priority:	Normal
Author:	Robert Rogers	Category:	
Created:	01/06/2014	Assignee:	
Updated:	02/04/2021	Due date:	
Chirp Version:	daily		
Equipment Loan Offered:	No		
Subject:	Wouxun KG-UV5D		
Description	This is the 6m/2m version of the KG-UVD1P. I think the only change to the code necessary is to allow frequency entries between 50 and 54 MHz. I have the radio here and I'll be able to beta test the code.

History

#1 - 06/25/2020 04:16 pm - Bernhard Hailer

- Subject changed from Wouxun KG-UVD5 Support to Wouxun KG-UV5D
- Target version set to chirp-daily
- Chirp Version changed from 0.3.0 to daily

(Corrected model ID. Please let us know if that is an error.)

#2 - 02/03/2021 01:39 pm - Paul Camp

- File Chirp.PNG added

I was gifted this radio last night and was able to program with the following settings

COM3

Wouxun

KG-UVD1P

#3 - 02/03/2021 02:00 pm - Paul Camp

I also used a Baodfeng programming cable when programming it

#4 - 02/04/2021 02:50 pm - Bernhard Hailer

- Status changed from New to Closed

Thanks for your feedback, we added this radio to the list of [[Supported Radios]].
