### History

#### #1 - 05/28/2014 06:25 pm - Barry Evans

I can provide access to radio via either linux account or remote desktop connected PC if a developer has interest and needs to test.

#### #2 - 03/30/2015 07:20 am - Patrick Joles

Whats the possibility priority can get increased on support for ICOM ID-5100A? Please :)

PS: I'm donating to the cause and will be happy to be tester for you!

#### #3 - 03/30/2015 07:22 am - David Grimm

I am also very interested in support for the 5100. I would be happy to work with any developers....

#### #4 - 08/11/2015 06:23 pm - Eric Dropps

I am working on this now and have a prototype driver functional.

Hello, is there any way I can help? I have an ID-5100A and am a software developer. I'd love to help get this across the finish line. Please let me

know. Thanks.

**#6 - 12/27/2016 12:07 am - Bob Recny**

Also interested here.

I'm happy to donate more if that will give priority to the support of this radio?

**#9 - 02/12/2017 04:27 pm - Tim Smith**

- *Subject changed from Support for ICOM ID-5100A to ICOM ID-5100A*

**#10 - 04/30/2020 09:19 pm - Bernhard Hailer**

- *Status changed from New to Feedback*

- *Chirp Version changed from 0.4.0 to daily*

| *I am working on this now and have a prototype driver functional.*

Eric, would you still be interested in sharing your driver?
