History

#1 - 09/05/2012 03:41 pm - Tom Hayward

- *Tracker changed from Bug to New Model*
- *Status changed from New to Blocked*

I think you're asking to support a new radio model. If so, nothing can be done until a dev has the radio in his hands. See [\[\[Rules For Loaning A Radio\]\]](#) if you have one you are willing to lend.

#2 - 02/18/2020 05:30 pm - Bernhard Hailer

- *Target version set to chirp-daily*
- *Chirp Version changed from 0.2.2 to daily*
- *Equipment Loan Offered set to No*

The Yaesu FT-40 handheld (and its brother, the FT-10) are not on the list of supported radios (see Wiki main page) - but their cousin, the Yaesu FT-50, is! It might be relatively easy to add these two.

#3 - 02/26/2020 02:47 pm - Bernhard Hailer

- *Subject changed from Yeasu FT-10R & FT40R to Yaesu FT-10R, FT40R*
- *Status changed from Blocked to Feedback*
- *Assignee set to Bernhard Hailer*

If there's still interest, I'd like to give it a shot - if someone's willing to provide a loaner.

Please contact me if you want to provide a sample radio, but review "[\[\[Rules For Loaning A Radio\]\]](#)" first. I'm located in the California Bay Area.

Thanks!

Please contact me if you want to provide a sample radio, but review "[[Rules For Loaning A Radio]]" first. I'm located in the California Bay Area.

Thanks!

I am looking to buy these radios for my outdoor adventures/vehicles. If I do, I will loan a radio for this purpose. If you can add compatibility to CHIRP for it.
