- Status changed from *New* to *Feedback*
- Priority changed from *Immediate* to *Normal*
- Target version changed from *0.4.1* to *chirp-daily*

Have you been able to resolve this? I'm not a MacOS user, but this looks like your cable isn't cooperating. If you still have this problem, please provide a log file as described in the Wiki: [\[\[How To Report Issues\]\]](#).
