<b>Chirp Version:</b>	daily		
<b>Model affected:</b>	Yaesu VX-6		
<b>Platform:</b>	All		
<b>Subject:</b>	CHIRP does not upload only specified, but all, memories in new bank to VX6R		
<b>Description</b>	<p>So I've tried using the latest CHIRP on both Windows 7 and Mac OS X 10.10 (Yosemite) and I cannot get it to upload JUST the memories I specify in the application. Instead, it uploads all of the other memories in the first bank + the ones I want. I've got the latest driver for Mac.</p>		

### History
