

CHIRP - New Model # 3225

Status:	Closed	Priority:	Normal
Author:	Mike Lee	Category:	
Created:	01/25/2016	Assignee:	
Updated:	04/23/2020	Due date:	
Chirp Version:	daily		
Equipment Loan Offered:	No		
Subject:	QYT TK6188		
Description			
<p>Not sure if this is the right way to put it on here, but I have a QYT TK6188 radio dual band dual screen 2 and 70 meters. Can this radio be incorporated into CHIRP? And also I use an Icom-IC-718 there is no provision for this Icom radio? Can this also be put into CHIRP?</p> <p>Many thanks.</p> <p>Mike Lee.</p>			

History

#1 - 02/24/2020 06:06 pm - Bernhard Hailer

- Tracker changed from Bug to New Model
- Status changed from New to Feedback
- Target version set to chirp-daily
- Chirp Version changed from 0.4.0 to daily
- Equipment Loan Offered set to No

Sorry, but this radio does not exist? Google doesn't show any hits.

Please list the exact model and brand names.

The addition of a new radio to Chirp requires two things:

- 1) a volunteer developer who takes the task to work on this driver,
- 2) availability of test equipment, such as a loaner radio (see [[Rules For Loaning A Radio]]).

Unfortunately, you need to wait until both conditions have been met.
