[KG-UV920P-A] Add Wouxun KG-UV920P-A

This patch adds support for the Wouxun KG-UV920P-A dual-band mobile transceiver.

Tested on my own KG-UV920P-A. May work with other similar models, but I only have this one to test against. Based loosely on the KG-UV8D driver.

Addresses #386

History

#1 - 01/04/2013 04:18 pm - Dan Smith

- Status changed from New to Blocked

Blocked until a developer has a radio

#2 - 02/15/2013 12:31 pm - Tom Hayward

- Chirp Version changed from 0.2.3 to 0.3.0

- Equipment Loan Offered set to No

#3 - 10/26/2013 10:15 am - Bobby Whitmore

I would be willing to send my 920P to help with adding this to the files for use. Let me know where to send it to.
