

## CHIRP - New Model # 4521

<b>Status:</b>	Rejected	<b>Priority:</b>	Immediate
<b>Author:</b>	Chris Hunter	<b>Category:</b>	
<b>Created:</b>	02/12/2017	<b>Assignee:</b>	Tim Smith
<b>Updated:</b>	05/02/2017	<b>Due date:</b>	
<b>Chirp Version:</b>	0.4.0		
<b>Equipment Loan Offered:</b>	No		
<b>Subject:</b>	Quansheng TG-UV2		
<b>Description</b>	<p>Just a question. do you have any intention of supporting the Quansheng TG-UV2 radio, or is Tim Smith just arbitrarily "cleaning out" the bug queue without actually reading any of the reports?</p>		

### History

#### #1 - 02/12/2017 05:13 pm - Tim Smith

- Status changed from New to Rejected

I'm closing duplicates; #177 remains open. I don't see that anyone has recently expressed interest in doing the development work, no.

#### #2 - 05/02/2017 03:12 pm - Mark Cayton

Tim,

In Issue #2311 (opened by me over 2 years ago requesting support for this radio), which you changed 3 months ago from "New" to "Rejected", you also changed the "Equipment Loan Offered" status to "No". However, per the posts in that Issue, multiple people (including myself) have offered to let the Chirp developers use their radios. So why was the Equipment Loan Offered status set to "No"? Are you simply "closing duplicates" without even reading the Issues before closing them?

Also, multiple people have been asking for several years, in multiple Issue requests, for Chirp support for the TG-UV2 radio. Also, several folks have offered their coding assistance and even their source code (again, see the "Rejected" Issue #2311 for a very recent example). So I don't at all understand the negative response of the Chirp development team to requests for support of this very capable radio.

Regards,

Mark KF5VQY
