

CHIRP - New Model # 4909

Status:	New	Priority:	High
Author:	F. Fuhrer	Category:	
Created:	06/13/2017	Assignee:	
Updated:	06/13/2017	Due date:	
Chirp Version:	0.4.0		
Equipment Loan Offered:	Yes		
Subject:	Baofeng BF-U1		
Description	<p>The Baofeng BF-U1 16 channel UHF only even though advertised on eBay as UHF/VHF. Unable to program frequency or power levels using the BF-888 software. The radio has no fixed antenna, able to take any UHF/VHF antenna for the Baofeng UV-5xx or BF-888 series of radios. Many of these radios are being sold because of the price \$14.95 USD Free Shipping. The radio is useless to me unless software is generated to program this radio.</p> <p>Thank You.</p>
