It looks like there's no such radio.

Yaesu had a VX-150, which has been discontinued in 2009 and is succeeded by the FT-250.  
And there is a Yaesu FT-1500.

- Status changed from Blocked to Closed

This radio does not seem to exist (see previous post).

Support for the FT-1500M is now available.

Tickets for the VX-150 (#893) and the FT-250 (#6993) are already open.

Closing this ticket. If you believe that this is a mistake, please open a new one.
