Chirp Version:	daily		
Model affected:	(All models)		
Subject:	Swedish translation		
Description			
<p>I wish to translate CHIRP into the Swedish locale (sv_SE).</p> <p>I actually pretty much know how to do this with the developer workflow, but I am following your FAQ and await a developer response. In the meantime I will start work on a new po file, based on the English one.</p> <p>I would also recommend translating the desktop entry file on Linux/Unix like platforms. But since I don't know if and how much the process differs from the developer process I will wait with that one.</p>
