Is there anyway I can help add support for this radio without loading the radio? I do know how to code and have some electronic equipment around (Oscilloscope, etc).

#### #2 - 03/02/2020 05:39 pm - Bernhard Hailer

- Status changed from New to Closed
- Target version set to chirp-daily
- Chirp Version changed from 0.4.0 to daily

According to the list of supported radios, this radio should work. Please try with a recent version.

If you wish to contribute to Chirp, please review the Wiki: [\[\[Developers\]\]](#). Thanks!
