<b>Chirp Version:</b>	daily		
<b>Equipment Loan Offered:</b>	No		
<b>Subject:</b>	Bendix King Radios Request		
<b>Description</b>	<p>Hello all. First, Thank you for the development work you do for this program. It has been a widely used and great help to so many. Second: For the developer community, is anyone willing to see about adding Bendix king series radios to the capabilities of chirp? The Bendix King radios are still in use by Fire Service, and used Bendix King radios are used in the Amateur Radio community. If this is not the correct forum, guidance to the correct venue would be appreciated.</p> <p>Thank you for any feedback.</p> <p>Kevin</p>		

### History

#### #1 - 01/20/2020 05:36 pm - Bernhard Hailer

- Status changed from New to Feedback
- Target version set to chirp-daily
- Chirp Version changed from 0.4.0 to daily

Hi Kevin, do you have a specific model in mind? If there's more than one, please open one ticket for each. Thanks!

#### #2 - 01/21/2020 01:54 pm - Kevin Bradley

I have several models I work with.  
I will submit each separately.  
Thank you in advance, and if there is any other info I might be able to provide, let me know.

#### #3 - 01/21/2020 05:02 pm - Bernhard Hailer

Oh what did I do, suggesting these tickets :-)

Well, thanks for opening all of them. Please keep in mind that for each radio, it requires a volunteer developer and access to a sample radio. It will certainly take a while.

#### #4 - 01/21/2020 05:16 pm - Bernhard Hailer

- Status changed from Feedback to Closed

Six new tickets were opened. Closing this generic request.
