Updated:	03/04/2020	Due date:	
Chirp Version:	daily		
Equipment Loan Offered:	No		
Subject:	Midland G18		
Description			
<p>Dear,</p> <p>It would be very useful if you can implement in the next version of Chirp the support of the radio Midland G18; in particular it would be very nice if there will be the possibility to adjust squelch values as it is present for Baofeng radio.</p> <p>Thanks</p>
