<b>Platform:</b>	All		
<b>Subject:</b>	Yaesu FT-50R Non Standard Tx Offset Error		
<b>Description</b>			
When I have a memory programmed with a Non Standard Tx offset, when downloading from radio that memory location shows ERROR in the name field frequency is 0.000000 offset is 0.600000			

### History

#### #1 - 05/09/2020 07:35 pm - Bernhard Hailer

- Target version set to chirp-daily
- Chirp Version changed from 0.4.0 to daily
- Platform changed from Windows to All

What was the offset you tried?

Have you tried with a recent version since you submitted this?

Could you please provide a debug log as described in the Wiki: "[[How To Report Issues]]"? Thanks!
