You can use my radio programs: [[<http://www.locutortv.es>]] and my music: [[http://www.locutortv.es/musicalibredederechos_music_free.htm]]

- Tracker changed from Bug to New Model
- Target version set to chirp-daily
- Chirp Version changed from 0.4.0 to daily
- Equipment Loan Offered set to No

If you don't see the radio in the drop-down list, then it's unsupported.

You can find a list of supported radios here: [[Supported Radios]].

The addition of a new radio to Chirp requires two things:

- 1) a volunteer developer who takes the task to work on this driver,
- 2) availability of test equipment, such as a loaner radio (see [[Rules For Loaning A Radio]]).

Unfortunately, you need to wait until both conditions have been met.
