

CHIRP - Bug # 5851

Status:	Closed	Priority:	Normal
Author:	adre silva	Category:	
Created:	06/02/2018	Assignee:	
Updated:	05/09/2020	Due date:	
Chirp Version:	daily		
Model affected:	Baojie BJ-218		
Platform:	MacOS		
Subject:	Cannot download from Baojie BJ-218 in my Mac		
Description	<p>I cannot download from radio, in Baojie BJ-218. using chirp for Mac. I tried all drivers for prolific, nothing happens... The message: not amount data.... appear. I am able to download using another cable in all drivers that I installed with Baofeng uv-6r. And I can use the chirp version for windows or even the original software, And there, I am able do download. So basically, only using chirp for mac, with this específically cable and radio nothing happens.</p>		

History

#1 - 02/29/2020 03:17 pm - Bernhard Hailer

- Status changed from New to Feedback
- Target version set to chirp-daily
- Model affected changed from baojie BJ-218 to Baojie BJ-218

Have you tried with a more recent version of Chirp?

If you're still having issues, please read "[[How To Report Issues]]" and provide a debug log. Thanks!
