<b>Chirp Version:</b>	daily		
<b>Model affected:</b>	(All models)		
<b>Platform:</b>	Windows		
<b>Subject:</b>	CSV file not recognized on Import...		
<b>Description</b>	<p>A .csv file created with Apple's Numbers app are not recognized by CHIRP when Importing. There is no documentation on the file format (UTF-8? with CRLF?). It appears it is an issue of CR (Mac) vs CRLF (Windows). If I save an Apple Numbers .cvs file in a text editor and save it as UTF-8 with CRLF (no edits), the resulting file Imports without error.</p>
