

CHIRP - Bug # 6919

Status:	Closed	Priority:	Normal
Author:	John Mayfield	Category:	
Created:	07/16/2019	Assignee:	
Updated:	04/18/2020	Due date:	
Chirp Version:	daily		
Model affected:	Baofeng GT-3TP		
Platform:	Windows		
Subject:	Unable to upload file		
Description			
<p>Connects and downloads from radio just fine but will not let me upload. When I attempt to upload it shows the port at COM5 but won't allow me to select a radio. I have performed this task on this computer previously. Radio model Baifeng GT-3TP</p>			

History

#1 - 02/18/2020 06:12 pm - Bernhard Hailer

- Status changed from New to Feedback
- Model affected changed from (All models) to Baofeng GT-3TP

When you tried this, did you download first, modify the image, and tried to upload?

If you attempt to upload a fresh "image", then it will not work.

You may want to add a debug log as described in Wiki: [\[\[How To Report Issues\]\]](#).
