

CHIRP - Bug # 6947

Status:	Closed	Priority:	Normal
Author:	J Tucker	Category:	
Created:	07/28/2019	Assignee:	
Updated:	09/28/2020	Due date:	
Chirp Version:	daily		
Model affected:	Baofeng UV-5R		
Platform:	Windows		
Subject:	could not open COM3 error.		
Description			
<p>I know this is not technically a new issue, but it is frustrating.</p> <p>I have (i think i have) followed all the previous comments made on resolving this issue, but the problem remains.</p> <p>i have rolled back the drivers to the 2007 version and still no luck 9 see attached)</p> <p>I have a Baofeng UV-5R running Windows 10 - please help!</p> <p>J</p>			

History

#1 - 04/18/2020 11:26 pm - Bernhard Hailer

- Status changed from New to Feedback
- Assignee deleted (J Tucker)
- Priority changed from High to Normal
- Model affected changed from CHIRP daily-20190718 to Baofeng UV-5R

Have you been able to resolve this on your own since you submitted this?

Have you tried with a recent version since you submitted this?

If you haven't, and if you're still having this issue, please refer to the Wiki "[[How To Report Issues]]" and provide a debug log. Thanks!

You might have a problem with your cable. The debug log could tell us more.
