It seems this model is not yet supported. A request for it has already been submitted in #7145.
You could try to use the Radioddity UV-5RX3 driver, as suggested in the feedback for that ticket.

*Il semble que ce modèle ne soit pas encore pris en charge. Une demande a déjà été soumise dans # 7145.
Vous pouvez essayer d'utiliser le pilote Radioddity UV-5RX3, comme suggéré dans les commentaires pour ce ticket.*
