Matthew, has your patch been posted to the developer's mailing list, has it been accepted? Thanks.

I haven't seen any movement on the py3 branch since February last year. I've made multiple posts to the dev list about this branch.

I've since forked this branch and have been working on my own repo here: <https://github.com/mpoletiek/py3-CHIRP>

Waiting until this February to make some irreversible changes to my own repo.
