

CHIRP - Bug # 9471

Status:	New	Priority:	Normal
Author:	Guy Immega	Category:	
Created:	10/22/2021	Assignee:	
Updated:	05/12/2022	Due date:	
Chirp Version:	daily		
Model affected:	Yaesu FT-70D		
Platform:	MacOS		
Subject:	Yaesu FT-70D checksum error		
Description	<p>I am running Chirp on Mac OX Mojave 10.14.6. I downloaded the latest daily version of Chirp Oct 22, 2021. I am using Yaesu USB cable.</p> <p>When I try to Download from Radio, I always get a Checksum Failed [0000-FEC9 (@FECA)].</p>		
Related issues:	duplicates Bug # 9473: Checksum error Closed 10/22/2021

I downloaded the Nov 5 chirp-unified-daily-20211105.app.zip. The new Chirp app for Mac does NOT correct the error: Checksum Failed [0000-FEC9 (@FECA)].

Chirp on a Mac does not work with the popular Yaesu FT-70D. If I had known this, I would not hav purchased the FT-70D. I suggest you remove the FT-70D from the list of radios supported by Chirp.
