Author:	Pavel Milanes	Category:	
Created:	11/12/2021	Assignee:	Pavel Milanes
Updated:	11/12/2021	Due date:	
Chirp Version:	daily		
Equipment Loan Offered:	Yes		
Subject:	Yaesu FTL-2001, 2007, 7002, 7007		
Description	<p>This is an ancient model from Yaesu, but still working on the wild.</p> <p>The page http://www.tfd.hu/tfdhu/index.php?n=35 has a not OEM programmer with an interface to program it.</p> <p>Equipment was borrowed to me for the porting support, so it's only a matter of time.</p> <p>It seems that all the following models will be supported by this driver:</p> <ul style="list-style-type: none">- FTL-2001- FTL-2007 (same as SMC SMC2516L8 & Ricofunk RTL-2007)- FTL-7002- FTL-7007 (same as SMC SMC2546L8 & Ricofunk RTL-7007) <p>Cheers.</p>
