<b>Updated:</b>	01/12/2022	<b>Due date:</b>	
<b>Chirp Version:</b>	daily		
<b>Model affected:</b>	(All models)		
<b>Subject:</b>	Feature request: Add build metadata (name, version) to windows build .exe file		
<b>Description</b>	<p>Is there any chance for windows builds main .exe to have metadata (executable name, company name, version number) included? It's the data available in .exe Properties &gt; Details popup. It would make it available for apps like <a href="#">SUMo - Software Update Monitor</a> to detect CHIRP and report updates. See <a href="https://www.kcsoftwares.com/bugs/view.php?id=6905">https://www.kcsoftwares.com/bugs/view.php?id=6905</a> for more details.</p>
